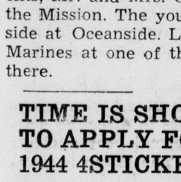
To the People of this Community

KILL OR BE KILLED

United States Marines paid the stiffest price in human life per square yard for the capture of Tarawa, vital Pacific outpost

It was kill or be killed. Your boys did not flinch when they ran into the deadliest fire power along the beaches of this important Gilbert Island stronghold.



This assault, bloody and costly, is one of the many which must be made before Tokyo and Berlin are pounded into dust and ashes.

What are you doing to back up the boys? Remember these are boys from this very community, perhaps from your very home. Any home in your neighborhood which today does not display the Treasury's red, white and blue 4th War Loan Shield proclaiming "We bought Extra War Bonds" is not backing the attack. Every Extra War Bond you buy becomes a direct fighter against Japan and Germany. If you could but see one man die on the battlefield, you would not count the cost of your slight sacrifices to buy Extra War Bonds to make each succeeding assault less costly in the lives of our boys.

You can't afford NOT to buy Extra Bonds in the 4th War Loan if you would help these boys.

TWO LOSE COUPONS

Penalties of three coupons each were imposed by the Washington Township Rationing Board when lost gas books were reported by Pedro Salas of Decoto and William J. Campbell of Niles.

BOARD REQUESTS C BOOK HOLDERS TO PLAY FAIR

George C. Roeding Jr. chairman of the Washington Township War Price and Rationing Board, today warned C book holders, farmers and other essential users that the question of whether they will continue to get gasoline without difficulty is 'in a large degree up to themselves."

"The Pacific Coast has been using more than its quota of gasoline," Mr. Roeding said. "The result has been periodic gas famines. In many instances essential users, holding valid coupons, have been unable to get gasoline.

"This condition will continue, and will get increasingly worse, unless those to whom extra privileges have been granted cease the practice of giving away, or selling, coupons not needed by them.

"It would be foolhardy to claim that OPA, or any other group, could determine to the exact gallon how much an essential user should have. This has, unfortunately, resulted in the loose-coupon evil.

"A motorist who gives a friend an excess three-gallon coupon may feel that he is committing no serious crime. But the fact remains that those three gallons, used for non-essential driving, will one day be denied to a man who requires use of his vehicle in vital war work.

"The motorist who estimates his needs at 80 gallons and uses but 60 does no harm if, at the end of his rationing period, he returns the excess coupons to his board.

"But the essential driver who illegally diverts excess coupons is doing a disservice, not only to the war effort, but to the family car operators and so-called non-preferred business men who are uncomplainingly getting by on a bare minimum."

Mr. Roeding said that applications for supplemental allowances will hereafter be subject to greater scrutiny but that the "loose-coupon" practice is a problem to be met by the "conscience and sense-of-duty" of those gasoline users who have been given extra privileges on the grounds of essentiality.

FARMERS MUST REPORT THEIR SLAUGHTER SALES

Any farmer, who sells or transfers meat slaughtered by him under a Farm Slaughter Permit, must register with your Board on R-1609 (Revised) and surrender each calendar month ration evidence covering the total point value of the foods transferred based on the Official Table of Point Values effective on that date.

In addition to the above, all farmers are required to register and report to your Board on R-1609 if they sell or transfer; (1) lard rendered from the carcasses of swine slaughtered for home consumption or slaughtered under a Farm Slaughter Permit; (2) butter made from cream or milk produced on the farm if the cream is not neutralized or pasturized; (3) cheese made from milk produced on the farm; (4) or any other ration order No. 16 food, produced on the farm, in an amount not exceeding $200 a month.

L. R. BURDICK'S FATHER SUCCUMBS IN BERKELEY

BERKELEY — Henry Hilton Burdick passed away here on Saturday at the age of 77 years. He was born in Warm Springs and will be remembered by local oldtimers as the driver of the horse-drawn street cars which formerly ran from Centerville to Newark until they were discontinued in 1906. He was then employed as warehouseman at Emeryville until he was retired on a pension by the Southern Pacific company about 10 years ago.

Funeral services were held Tuesday at 1:30 from the Chapel of the Flowers here. He is survived by a brother, Edwin Franklin Burdick of San Jose, a sister, Mary Lee Burdick of Berkeley, and two sons, L. R. Burdick of Newark and Howard L. Burdick.

Frank N. Belgrano (left), Past National Commander of the American Legion, is Northern California Chairman for the March of Dimes Infantile Paralysis Campaign this year, and he is shown here with one of the little victims of the dread polio scourge who has been given medical treatment by your dimes and dollars. Dan Marovich, director of organization, is pictured on the right. The campaign continues through President Roosevelt's birthday to January 31st.

CENTER DISCUSSES 1944 PLANTINGS OF TOMATOES

CENTERVILLE — Although numerous new seed beds for tomatoes have appeared throughout Washington Township within the last week the acreage to be planted for 1944 is estimated to be approximately the same as that of last year.

This was the consensus of opinion at last week's meeting of the Eden-Washington Farm Center. Reports that novices were contemplating the use of cheesecloth as covers for the beds brought the warning against use of anything lighter than muslin. Probability that some tomato growers would switch to beans was expressed by Farm Adviser Tom Morrison, following successful experiments in the township last year.

The community canning unit sponsored by the center will not materialize due to lack of quarters, Anthony Silva reported. The center voted to make a final payment of $75 on the manure spreader purchased several years ago through a loan from the Farm Bureau. Speaker of the evening was D. T. Batchelder, University of California dairy specialist.

The annual meeting of the beet growers was announced for January 31 at Washington Union High School.

CLUB MEMBERS ENJOY HEARING OF MARRIAGES

Nineteen members and two guests were present at the monthly dinner meeting of the Men's Fellowship club last Thursday evening in the Guildroom in the Niles Congregational Church with Fred Duffie presiding. The ladies of the Sanford Circle prepared a good dinner, as usual. The guests were Mr. Fisher of Pacific States Steel and Jean Vanophen of Niles.

The club voted to pay for four tree roses to be planted to one side of the Manse, the cost to be $13.22.

In the absence of program chairman E. D. Bristow, A. J. Petsche went to bat and introduced a novel form of entertainment, calling on each man present to tell the "How, when and where" he met his wife. The individual recitals were greatly enjoyed and some interesting information was revealed.

Ted Glassbrook then conducted community singing with Dwight Thornburg accompanying at the piano.

A work party was planned for Saturday afternoon, January 29, when volunteers will trim the hedges and shrubs outside the Church. The next meeting was set for February 17, with Dan Marble named program chairman, assisted by Jack Myers, Paul Offel and Paul Woodward. Walter Waynflete suggested sending for a war film from the British Information Service in San Francisco and Mr. Thornburg said he believed he could borrow and operate the high school's projection machine.

ALVARADO PIONEER SUCCUMBS TO HEART ATTACK

ALVARADO — Edward Silvester Harvey, 73, member of one of Alameda County's oldest families and operator of extensive farming land in this area died suddenly of a heart attack at his home on Monday. He had been in failing health for the past year.

He was a native of this community where he had spent his entire life. He was the husband of Elizabeth, the father of George and the late Edward, the brother of Fred and grandfather of Joyce and George E. Harvey. Funeral services were held Wednesday at 2:30 p. m. at the Chapel of the Palms in Centerville, with Rev. Jackson L. Webster of the Newark Presbyterian Church officiating. Interment was made in the family plot at Cypress Cemetery at Decoto.

He had been a member of Wisteria Parlor of Native Sons of Alvarado, which several years ago merged with Washington Parlor in which he continued. He was the son of Silvester P. and Mary Hill Harvey, who came here in 1854 from New Hampshire.

WISHING WELLS ARE CRYING FOR YOUR DIMES!

SAN FRANCISCO — Complete organization of committees and sub-committees comprising men and women of all races, color and creed, to handle the 1944 March of Dimes Infantile Paralysis fund appeal, is reported by Dan Marovich, northern California director of organization, following a report from forty-eight county chairmen. The fund drive which started January 14, continues through President Roosevelt's birthday January 31.

This year marks the eleventh annual appeal for funds with which to carry on the people's fight against infantile paralysis. The dimes and dollars subscribed by the men and women of America Frank N. Belgrano past National Commander of the American Legion, chairman points out, make possible the continuation of this vital effort to safeguard our national health. And, he points out, national health means the health not alone of ourselves but our children's health and the health of our neighbors and their children.

Ed Enos of Niles is Washington Township chairman and the familiar "wishing wells" may be found in postoffices, banks and places of business throughout our communities.

A dime is only a small coin and nearly everyone can afford to contribute several dimes. As often as you see one of the little wells, plug in with a dime to help this great national cause.

FOOD SALE SATURDAY

The ladies of the Martha Sanford Circle are having a food sale Saturday, January 29 starting at 10 in the morning. It will be held in the building formerly occupied by the Niles Tailor Shop. There will be lots of home cooked food including cakes, pies, salads, rolls and many other good things.

NILES SCOUTS TO COLLECT PAPERS SUNDAY

This Sunday the Niles Boy Scouts will collect newspapers, cardboard and magazine accumulations from private homes and business houses. They will even come into your house and neatly bundle and tie what you have to offer, if you wish.

Meanwhile anyone may bring their contribution to the Scout house at the end of Second street and leave it on the porch and it will be taken care of—with thanks.

Persons living out of town may call Committee Chairman L. L. Lewis at Niles 4567 or Scoutmaster Fred Duffie at Niles 4506 and either of them will call and pick up your papers, magazines and cardboards.

Please remember: the saving of old newspapers, magazines and cardboard is a continuing activity, so make it a habit to save these materials needed for war use. A collection day will be held by Scouts in the various communities, once a month.

The saving of tin cans is still a continuing process throughout the Township. At Niles housewives may bring paper bags full of flattened cans to the several grocery stores, or to the Hansen Lumber company's warehouse.

TWO LODGES INSTALL AT NILES FRIDAY

Beatrice Fournier was seated as past noble grand of Niles Rebekah Lodge, and the following were installed:

Iva Marble, Noble grand; Eva Fournier, Vice grand; Rose F. Stearns, Recording secretary; Fern Mitte, Financial secretary; Mary Barnard, Treasurer; Olive Pugmire, Warden; Mary Rose, Conductor; Jennie Mohn, Chaplain; Anna Bradford, Right Supporter to Noble grand; Ivy Cull, Left Supporter to Noble grand; Sena Carr, Right Supporter to Vice grand· Ellen Mohn, Left Supporter to Vice grand; Ann Arington, Inside guardian; Virginia Yarbrough, Outside guardian; Betty Emerson, Color bearer, Irene Kibby, musician.

The officers for Alvarado Rebekah Lodge were Esther Williams, Noble grand; Margaret Williams, Vice grand; Henrietta Willhoft, Recording secretary; Annie Baird, Financial secretary; Margaret Anderson, Treasurer; Elsa Mikkelsen, Warden; Irma Wright, Conductor; Catherine Anderson, Chaplain; Lesda Brown, Musician; Elsie Clarkson, Right Supporter to Noble grand; Grace Reinking, Left Supporter to Noble grand; Alice Sayles, Right Supporter to Vice grand; Lillie Christensen, Left Supporter to Vice grand; Wilma Miller, Inside Guardian; Robert Wright, Outside Guardian.

Mrs. Rose Stearns then presented Mrs. Beatrice Fournier with the past Noble Grand's jewel, and a gift was presented Mrs. Irene Kibby, musician of the Niles Rebekah lodge, by Mrs. Fern Mitte.

Marjorie Jackson, Nelda Gaunt and Anna Blanche Pratali then favored the guests with several vocal selections, and Miss Evelyn Wilson and her marionettes contributed much to the success of the evening.

Refreshments were served in the dining hall by a committee headed by Mrs. Fern Mitte.

CHAIRMAN SAYS BOND SALES MUST BE ACCELERATED

Small wage earners and potential buyers of $25 War Bonds in Washington Township are not doing their part in this fourth War Bond drive, Chairman L. R. Burdick advises this newspaper. Four-fifths of all national income is earned by persons with earnings of less than $5,000 per year, so it is up to the average individual to BUY BONDS TODAY, if the Township is to come anywhere near reaching its quota of $268,000 in Series E bonds and $563,000 of all types of bonds.

Township sales up to Monday evening were $58,387.50 of E bonds and $47,362.50 of G Bonds for a total of $105,750. This is a good start, Mr. Burdick states, but will have to be greatly accelerated if the goal is to be reached within the next few weeks.

Bank deposits by individuals continue to grow, notwithstanding war days, he says, and the public will have to divert this surplus money into War Bonds, which pay better than bank interest, if the necessary money is to be raised nationally in order to pay for the cost of the tools of war.

Payroll deductions of $75 per worker per month are falling behind, too Burdick says, and we all HAVE to invest more idle money in bonds if we are going to win this war.

O. E. WALPERT SELLS PIONEER CATTLE RANCH

The 4,380 acre farming and cattle ranch of O. E. Walpert at Niles has been sold to Elmer O'connell, Madrone rancher. The property has been in the Walpert family for more than 70 years.

Mr. and Mrs. Walpert have purchased the home formerly occupied by Mr. and Mrs. Ernest Martin on Second Street. Mr. and Mrs. O'Connell and their two children, a daughter at the University of California and a son in service, will occupy their new home at Niles only for vacation periods.

The Walperts plan to move into their house in town in a few weeks after some redecorating is done.

HEROES ON THE HOME FRONT

"They also serve who only stand and wait."

The general public probably does not realize, nor pause to pay tribute to the thousands of civilian volunteers who, without a penny of pay, and usually at considerable cost to themselves, both in time and money, have officered and done the work on draft boards for more than three years, and ration boards for more than two years.

The men and women who conduct these vital boards, and will continue to conduct them until this Great War is won, are your neighbors and mine—just folks like ourselves.

Yet they must give hours and days of their time, over and above their private affairs and personal pursuits, to the important duties of these important wartime activities.

Consider that during the past two years—boards have handled the following rationing program besides tires: automobiles, typewriters, sugar, gasoline, bicycles, rubber footwear, coffee(later removed), stoves, shoes processed foods and meats and fats. The title of the boards was changed to war price and rationing boards when the general maximum price regulation was announced in April, 1942 and price activities were added to rationing boards.

You might breathe a word of gratitude now and then when you see these uncomplaining, unheralded and never to be decorated war workers whose jobs are as important to the war effort as killing Japs and Germans, or building ships and planes.

In their case "the right hand knows what the left hand doeth" because their work is heterogeneously integrated into our great national war effort. Remove these boards and our military machine and our civilian economic structure would both fall to pieces.

More power to these unsung Heroes of the Home Front!

"GILDING THE LILY"

The "second bill of rights" President Roosevelt handed to Congress on January 11, endeavoring to design a set of laws which would assure economic security and independence for present-day Americans is a little bit funny.—and mighty superfluous.

In the first place no American can have independence, which is God-given, when he is bound by laws. Freedom cannot be legislated into being; freedom is only had in the ABSENCE of laws.

Americans have had personal freedom ever since our great Country was founded; but the new deal (who's author, Roosevelt now repudiates it!) has badly clipped our civil independence. Long before the war the long finger of government had prodded into our private affairs, our businesses, our insurance habits, our rights to employ whom we please and pay them what we please.

Only by eliminating a lot of our present, and for the most part unwanted, laws can we Americans again enjoy the freedom we formerly had. Not MORE laws, Mr. President, but LESS laws is the only avenue to freedom.

Article No. 3 of the "second bill of rights" (ought to be called the bill of lefts, because its passage would leave us no liberties at all: we'd all be wards of the government) calls for "the right of every farmer to raise and sell his products at a return which will give him and his family a decent living."

Farmers had that right long before the new deal came along, with its weird Agricultural Adjustment Administration which attempts to tell farmers what they may plant and how much; which pays farmers (and big corporations) large sums NOT to grow crops; which plows under crops and results in the greatest drought in our history; which kills pigs; which hedges the farmer about with silly regulations.

All the rights called for in the Presiden's academic proposal were possessed by all Americans in the pre-Roosevelt days: the right to a good education, to a decent home, to adequate medical care, the right to earn enough, etc. etc. have always comprised the American Way of Life which our sons and brothers are fighting today to preserve. The best thing Congress and the President can do is to leave our Way of Life alone. The Almighty made it for us, gave it to U. S.—and puny man cannot improve upon it. Let charity care for the needy—while the bulk of us fend for ourselves. Less government produces more freedom.

A platform is an invisible statement of facts upon which a politician stands until he is elected—then it lets him down, something like a gallows!

THE BETTER WAY

Worldly men worry a lot about building up an estate to provide for their children. Godly men strive rather to make their children self-reliant so they can take care of themselves.

Inherited estates can be, and more often than not are, dissipated and lost. A young man or young woman who is right with God, in good health, has his or her talent with which to perform services for which our human society pays them. Such well built young people do not fear life, they embrace life eagerly, love to be alive, and extract the full joy of being from every delight-filled hour.

Which is the better way to bring up children: to pamper and pauperize them, or to make them sturdy, self-contained and self-reliant? I believe it was the martyred Teddy Roosevelt who said the greatest handicap a boy could have was to be born a rich man's son.

A Greater than Roosevelt centuries ago referred to the poverty of riches and said instead to be "rich toward God."

PROBLEM AT NOON

SAME THING AGAIN, LOIS! BY THE TIME WE GET HERE, THE PLACE IS JAMMED—ALL WE'LL HAVE TIME FOR IS A QUICK SANDWICH
AND BY FOUR O'CLOCK, ARLINE, I'M GOING TO FEEL LIKE A VERY VERY OLD DISHRAG!
ANYBODY WANT TO WASH DISHES, USING ME FOR A RAG?
DON'T YOU GLAMOUR GIRLS EVER EAT BEFORE EVENING?
OR ME? HOW ABOUT IT, MADELINE?
OF COURSE, BRIGHT-EYES! BUT WITH A LIGHT BREAKFAST AND ONLY TIME FOR A SANDWICH AT NOON....
EVER TRY STARTING OUT WITH A REAL HEARTY BREAKFAST?
SAY, LOOK AT THE CLOCK—AND I'M STILL GOING STRONG!
MAYBE IT'S THAT TERRIFIC BREAKFAST WE ATE THIS MORNING. TASTED GOOD, TOO!

MICKEY MOUSE, inspired by the wise Mr. Disney, puts it this way: "You can't breakfast like a bird and work like a horse!" Guess we'll all agree to that—and most of us are working like horses these days.

What kind of breakfast will *your* family start the day with, tomorrow? Will it keep them strong right up to lunchtime—or will it be a sparrows' breakfast?

What, No Time?

If it's lack of time that's worrying you, remember that you can get a good breakfast together in ten minutes—the time it takes to make a cup of coffee! Modern cereals are quick and easy as opening a package, and they come in more varieties than you can shake a stick at. And the cereal breakfast foods of 1944—natural, whole-grain, restored or enriched with vitamins and minerals—make an important contribution to the daily requirements of proteins, B-vitamins, minerals and fuel for energy.

You can serve a big bowl of cereal with fruit and milk and sugar in it, and have a breakfast in that single bowl! An egg or some meat takes only a few minutes, and rolls or bread or toast and butter (or margarine) add to the score.

Look Ahead!

Or if it's variety that's stopping you, maybe a "pin-up" plan will do the trick. All that's required is to make out breakfast menus for a full week in advance. Then pin them up over your range or kitchen sink, and run through the pattern. Hard to do? *Easy!*

First make yourself a list of the fruits your family likes and which are on the market (oranges, grapefruit, dried prunes, apples, etc.)—and remember they can be served alone or on cereal. Put opposite each one, the way you want to prepare them—stewed, sliced, fresh, squeezed (ever squeeze a grapefruit for the juice alone?—mmmmm!).

Then make a list of the cereals your family likes best, including a few different ones for them to try as a treat. Wheat, corn, oats, barley, bran, rice—what's their favorite flavor? Rolled, ground, flaked, made into shreds, biscuits, rounds—all shapes and sizes!

Make a list of the ways your family likes its bread—as many as you can. The same goes for eggs and meat. Change the style or choice as you follow the week through.

There's the basis for your week's "pin-up" breakfast plan! Follow it through—and watch your family go after *good* breakfasts with new zest!

Hints for Wise Wives

And here are some "note-book" hints which might come in handy when you're planning those good breakfasts:

For a change, sprinkle *brown* sugar on hot oatmeal—

Serve *sliced raw apple* with cereals of the farina type (or any type, for that matter)—

For pancakes, melt a little butter or margarine in the *syrup* and use that combination only on the cakes.

Julia Lee Wright Director
Safeway Homemakers' Bureau

ALL of Us Need Hearty Breakfasts, These Days!

No matter what your noontime eating problem, make sure your first meal-of-the-day is a hearty one! Eat plenty of nutritious, ration-free cereals, for example—and buy them at your convenient, money-saving Safeway Store!

FOLIES BERGERE DAZZLING FEATURE AT WINTERLAND

Folies Bergere producer Clifford C. Fischer gathered together great vaudeville stars of two continents for the 1944 Folies now at Winterland in San Francisco.

Fischer, an American by birth but Parisian by residence, has watched as well as produced shows all over the world. From these shows he chose the cast for his dazzling new Folies Bergere, which presents a cast of 120 persons including 80 beautiful girls.

Many of the Folies performers are European born and toured the continent for many years before coming to America. In Europe Fischer first saw Truzzi, sensational Russian-born juggler; Malcia, saucy English dancer; the unicycling Shyretto trio, members of an old Austrian circus family; and the Cristianis, famous Italian Bareback riding and acrobatic family.

American-born Jeanne Devereaux, prima ballerina, and Barto and Mann, comedy dance team, were touring Europe when Fischer saw them for the first time.

In America Fischer met Monroe and Grant, trampoline stars, while they were travelling with a roller skating revue. Rollo and Verna Pickert were dancing in "Babes In Arms" in New York, and Charles Judels, cheery M. C., has kept Fischer laughing for many years during his career as a character actor of the stage and screen.

Willie, West and McGinty, clown carpenters, have been friends of Fischer's in Europe and America, and many of the Folies Dancers and show-girls were noted by the famous producer.

CITRUS MARMALADES ARE POINT FREE

All citrus marmalades are point free, the Office of Price Administration reminded retailers today.

The reminder was issued because widely scattered reports indicate many retailers are charging points for citrus marmalades as well as for non-citrus marmalades, though the former are point free. Under processed foods rationing, citrus marmalades are defined as those made solely from citrus fruit, mainly oranges, lemons or grapefruit, or from any combination of citrus fruits.

If any other fruit is combined with the product, such as apples, pears or peaches, the product must then carry a point value and points must be exchanged when it is sold or transferred.

NILES YOUTH DIES AFTER LONG ILLNESS

Edward Azevedo, 19, was given final rites at the Berge Mortuary Company parlors January 18 following his death at an Oakland hospital after a two years' illness.

Mass was said at the Corpus Christi Church and interment was at Holy Sepulchre Cemetery. He was the son of Mr. and Mrs. John Azevedo and the brother of Mrs. George Alves of Stockton and Harold Azevedo, naval petty officer 2nd class at Kodiak. He was a native of Centerville.

The word "lens" is derived from the Latin word for lentil, a lens-shaped seed.

PUT YOUR FINGER *DOWN* ON THIS SABOTEUR OF HEALTH ... Keep on top of the "flu" germ this winter. He is going about nipping folks these cold and wet wintry days. Don't let him sabotage your health and cost you time and money on your important job these war days.

When you go out of doors this winter—dress in warm, dry, weather-tight clothing. But if you should come home cold and wet, change at once to warm dry clothing. At the first symptom of a cold, doctor-up and climb into bed. Get the advice of a nurse or doctor and get well and keep well.

It would be a good idea, too, to see that your home heating equipment is working efficiently and economically. Use heat wisely. Do not overheat and waste fuel. Keep windows and doors and fireplace openings closed to prevent heat loss. All fuel today is fighting fuel, essential and vital and enormously needed in war production.
